03.Mapping the flood and landslide prone areas of the Divisional Secretariat Division according to Grama Niladhari Divisions.

03.01. Based on the data of 03 flood and landslide events within the last 05 years, the Grama Niladhari divisions that can be predicted to occur in the future should be marked on this map. For this, it is important to follow the model map provided with this and the instructions given by the resource persons.

Map No. 01

a. Identification Village taken Officer Divisions Information about people who may be affected by a sudden disaster in

Table No. 3.1

Name and number of the Grama Niladhari Division	Number of families likely to be affected	Number of people who may be affected						
			Number of children under 5 years old	Children over 5 years old		Female	Men	People with special needs
				Female	Men			
170 A Ellalagoda	40	120	10	21	18	66	54	
172 Imaduwa	12	36	12	3	6	13	23	
172 Imaduwa Additional	05	20	01	01	02	12	8	
167 Kahanda	6	32	3	6	5	17	15	
174 Kombala	25	80	5	13	10	43	37	
153 Welikonda	8	30	2	3	3	18	12	
168 - Horadugoda	26	135	12	15	11	63	72	2
171 A - Kodagoda East	107	428	15	13	18	228	200	3
154 B - Polhena	18	60	1	3	3	34	26	
Collection	247	941	61	78	76	494	447	

❖ Although numerical information regarding people with special needs should be included in the table, what the special need is should be defined. (For example: pregnant mothers/ disabled/ mentally challenged. Also, people over the age of 65 should also be considered as people with special needs.

04.The influence of these regions Lakshmi Possible families About secure detention centers Information

Enter the information in this table, taking into account the safe centers used in past disasters to temporarily house potentially displaced people in the Grama Niladhari Divisions identified in the table above.

Table No. 4.1

Grama Niladhari Division	Security Center Number	Name of the secure center	Number of families that can be accommodated	Number of people that can be accommodated	Infrastructure in the camp Description of facilities						
					Water (required amount)	Electricity (yes/no)	Number of existing toilet facilities	Number of temporary toilets to be constructed	The number of bathing facilities available	The amount of additional facilities required for bathing	The amount of kitchen equipment needed for cooking

06. Identifying essential food and other needs.

6.1 . Items that may be needed within the first 72 hours. Details of food items identified as being needed in an emergency should be included.

Essential food items

Table number 0 6 .1

Food items	Approximate quantity required
Cooked food (packets)	800
Water bottles (1 liter)	335
Tea leaves	2 kg
Milk powder	6 packets of 400 g
Infant formula (packet)	6 packets of 400 g
Biscuits	30
Noodles	30
Other (specify names)	

Essential ingredients

Tables Number 0 6 .2

Name of the essential ingredient	Approximate quantity required
Sanitary napkins	35 packets
Toothpaste	50
Toothbrush	335
Soap	300

7. 1. Food items that may be needed in the first week after an emergency

Table number 7.1

Food items	Approximate quantity required (kg)
Dry food	
Rice	500 kg
Lentils	15 kg
Sugar	20 kg
Grain	50 kg
Potato	60 kg
Onion	50 kg
Three and five	10 kg
Other	

7.2 . Details of essential items identified as needed during the first week after an emergency should be included .

Table number 7. 2
Essential ingredients

Name of the essential ingredient	The amount required as a child
Sanitary napkins	50
Toothpaste	100
Toothbrush	335
Soap	300

0 8. Identifying the needs that will be needed during the rehabilitation period after an emergency .

Table number 07. 3

Materials	Sizes
Water	1500 liters
Hygiene products	Should be calculated according to need
Dry food	
Cooked food	

07.6. Identifying the needs of the camps.

The Divisional Secretary/Assistant Divisional Secretary and Camp Coordinators of the relevant Divisional Secretariat Divisional Area should discuss and prepare a rough requirements list of materials that may be required for the camps.

Description of service providers in the event of an emergency disaster (Information must be entered separately for each safe center.) (insert the resource network)

Table number 07.6

Service expected to be received	Service provider name	Location	Telephone number (office)	Phone number (mobile)	Number of beneficiaries that can be served at one time
Providing first aid.	Imaduwa District Hospital	Imaduwa	0912286061		200
